

**PROPOSED CAMPAIGN:
\$4.5-7 MILLION**

**A PLAN TO STRENGTHEN AND
EXPAND METIGOSHE'S
'ADVENTURE ANCHORED IN CHRIST'**

The Metigoshe Ministries' Board of Trustees has reviewed and updated the comprehensive master plan from fifteen years ago and developed a challenging plan to expand Metigoshe's capacity to serve into the future.

**There are three distinct phases
to the proposed campaign:**

- 1. Facilities Updates and Expansion at Camp Metigoshe (\$1,825,000)**
 - A. Rebuilding of 15 Cabins
(mix of single & double cabins)**
 - B. Anna Manor Expansion**
 - C. Retreat Housing at Camp Metigoshe**
- 2. Construction of Large Group Retreat Space at the Christian Center (\$2,675,000)**
- 3. Construction of Sleeping Rooms at the Christian Center (\$2,500,000)**

The Board of Trustees requests the Metigoshe Corporation to authorize a capital campaign in the minimum amount of \$4,500,000 to improve the Metigoshe Ministries facilities at Pelican Lake and the Christian Center. The board further requests authorization for an ultimate goal to reach \$7,000,000 total to continue our Christian Mission of Adventure Anchored in Christ for all ages. Request of authorization for construction of Phase I to commence at the Pelican Lake site when \$1,000,000 is received in cash and/or pledges.

SPECIAL MEETING OF THE METIGOSHE CORP.

**is Adventure Anchored in Christ
where people experience and
celebrate the gifts of God
in a life together**

A GROWING MINISTRY

Participation in the faith-building programs of Metigoshe Ministries has grown steadily and remained strong since our Center of Life Appeal in the late 1990s. New and improved facilities have welcomed participants of all ages as well as groups of all description.

EXPANDED MINISTRY IS LIMITED UNTIL NEEDS ARE ADDRESSED

Current Facilities have reached, perhaps exceeded, the capacity to serve current participants well and prohibit expanded ministry until addressed.

CAMP METIGOSHE AT PELICAN LAKE

- Changing programming during certain weeks of camp has led to insufficient storm shelter provisions for at least two weeks each summer.
- Growth in staff means that space for planning, programming and training are inadequate. Likewise, our staff lounge only accommodates about one-third of our staff at a time – limiting the rest and renewal that are essential to their well-being and ability to care for campers.
- Pastors & youth ministers do not have an appropriate place to stay when they accompany youth to camp for the week.
- Family and grandparents' campers are forced to shuttle back and forth from the Christian Center each day at camp.
- Of our 21 cabins at Camp Metigoshe, 15 have aged to the point where they need replacement.

THE LAKESIDE CHRISTIAN CENTER

- Our two prime times for hosting retreats – weekends and summer weeks – are nearing 100% capacity.
- Over a 6 month timeframe of 2013-14, we had to formally turn away 8 groups with 200+ people (which would have been 750 “overnights”). Others told us they didn’t even call because they knew we book 9-12 months in advance.
- A lack of dedicated large-group retreat space means that many groups must end on Saturday night to facilitate setup for Sunday morning worship.
